Please make sure you have the building entry codes prior to arriving. You will need two codes: One for the building at street level. After entering this first door, you'll walk to the farthest door on your left and enter the second code.

Once through the door, turn right and walk through the courtyard and up a few steps. You'll see another entrance with several steps. This is the building where the apartment is located. Walk up the steps and then inside, you will go to the first floor.

It is the first apartment on your left (right beside the stairs going up) with a 'Bienvenue' door mat.
