'You will have to evict us! Everything is perfect, gorgeous day today. The apartment is lovely. I had the best sleep since coming to France. Glorious bed. Great weather, great runs, fantastic meals on the balcony, An amazing, unforgettable experience, Cassis.'

'We stayed in this lovely Cassis apartment in the heat of August, and absolutely loved it! While days were beach-going hot, nighttime breezes meant the sleeping was very comfortable. The apartment could not be better equipped or more central. We walked everywhere with our 10-month son who particularly enjoyed the beaches, playground and early morning strolls in the harbour to see fishermen bring in their catch. The baby's bedtime meant that we couldn't always go out for dinner, but the apartment balcony allowed an intimate way to enjoy the town's atmosphere. Cassis kept us entertained for the week. We were sad to leave, but did so extremely relaxed and happy.'
