- Thanks for a fantastic stay – the apartment is beautiful. Loved the area, loved the sights, walk a lot and eat as many pastries as humanly possible!

- Had a wonderful time. Apartment was perfect and very romantic. We loved Paris, and I wore our shoes out because we went everywhere! The 'Visit Paris' travel pass is a must, saved us a fortune. Wish we'd known about the museum pass, it wouldn't have saved a lot of money, too. Small word of warning : a lot of museums are closed on Monday which was a shame. But when we visit Paris again – will be returning to this lovely apartment.

- Wonderful stay – we ate and drank our way through Paris! We hope we walked off all we ate and drank! Loved the apartment and neighborhood; loved getting to know our local merchants. Great way to feel Parisian! See it all, love it all, and long for a time you can return!

- Beautiful apartment and area. If you are booking a car through Elysee Cars, make sure you book by phone. Web bookings are not taken in the evening and they don't tell you that on the site.

- Thank you! We had a wonderful time. I think we covered all of Paris. Metro is great.

- Thanks for a fantastic stay! The apartment was perfect and in a great location! We walked a lot and explored as much as we could in a few days – it was a great way to see "hidden" Paris. Thanks again.

- We reinforce the previous comments. Very well placed apartment, metro very straightforward to use. Do try to see the impressionist paintings in the L'Orangerie in Jardin des Tuilleries. To sit surrounded by Monet's Waterlilies was amazing! And the weather – sunshine every day and temperatures around 28 degrees. "I Love Paris...when it sizzles"!

- Wonderful apartment! Everything I could've hoped for with our first visit to Paris. Really loved Montmartre! Patisseries my downfall! Thanks again.

- Loved the apartment and had a wonderful stay here in Paris – every day was blue sky and sunshine. We recommend the boulangerie "Poilane" (8 rue du Cherche Midi, in the Latin Quarter) if you are looking for some authentic French baking. It's a bit pricey and very popular, but we found it worth it. If the phone or television don't work in the apartment, try unplugging the modem (the box on the table), waiting several seconds and then plugging it back in. We hope you enjoyed your stay as much as we enjoyed ours!

- Beautiful apartment and area. Thoroughly enjoyed our 10 nights here and still could have had more. Thanks to Preston and Gail for all their help, especially when we needed a doctor. SOS Medecins great service to your door. Excellent location to metro, etc.

- Enjoyed our stay, could have done with 2 more days. Singing at Sacré Coeur 8 AM each morning an experience worth the 20 minute walk.
