

Prestigious Junot II Guest Comments

The Donovans 4 May 2008

It's an honor to write the first comments in your book. We found everything clean and very comfortable surroundings. The apartment is bright and cheerful. This is a great area to stay in while in Paris – good restaurants and little neighbourhood food shops. The “how to” book was especially helpful as well as Preston and Gail. A good experience – worth repeating!

This was the first week of our 6 week holiday in Paris and France. The apartment, its location and fit out proved wonderful for us to explore with our family. The local shops, restaurants and notes were ideal for a young family and provided a great opportunity to live like Parisians! We experienced Montmartre, Sacré Coeur, Moulin Rouge, much travel within the centre of town, and Versailles and Disneyland – not bad in a week with four children (10, 8, 4 and 9 months in tow! The only question is when should we do this again?

It was certainly worth the long haul trip from Melbourne, Australia to experience this wonderful city! Thanks Gail.

A dream come true! Beautiful apartment with everything!

A great week for another family from Australia. Thanks for making it easy for us. Just take a hammer to the living room window and wow, what a view!

We had a wonderful week in Paris and we couldn't have picked a better location for our stay. We loved the neighbourhood and our evening walks around Montmartre. We'll definitely plan to visit Paris again in the future.

We've had a wonderful but brief visit to your lovely city. The accommodations were great – we had everything we needed. The location was perfect. What a wonderful neighbourhood. Thanks again.

A wonderful visit in a beautiful apartment. Everything was great and Montmartre was, as always, beautiful. We enjoyed sitting on the steps in front of Sacré Coeur, eating croissants, and drinking wine at cafés. Thanks for another wonderful experience!

What a beautiful apartment and lovely surroundings. We really enjoyed our long weekend here. It was a wonderful time and we thought the amenities were the best we could ask for. How lucky to have such a nice place to stay. Can't wait to come back.

We enjoyed the sights while staying at this cozy and central apartment. Despite a rather large group, the apartment was comfortable. Montmartre is such a beautiful place – its history fun and appealing. We could think of no better place to stay! Thank you!

Coming home in the evening, after walking around in Paris the whole day, we felt very much at home in this comfortable apartment. A very good place to retire and relax, also for the children. Thanks a lot, we hope we'll be back some day.

Thank you for a comfortable stay in a fantastic neighborhood! And what a view of Sacre Coeur. We were impressed with the quality of the renovations here in what must be a very old building. We've enjoyed a long weekend with my husband's parents, a quick trip from London. Definitely will come back with other friends too! Best regards.

Had another great stay in the apt on Avenue Junot. I think I've walked the length and back of Paris this time. Discovered some great restaurants on rue Lamarck. The ones near the top (near Sacre Coeur) have great views of the city.

A wonderful apartment in a great location! I'll be back very soon.

This apartment and Paris met all our dreams and expectations. The area and the view from the Sacre Coeur of Paris is wonderful. Great food, wine. We had such a great time at Musée Nationale d'Art Moderne, also dining on the roof at Georges (Centre Pompidou). Great views of Paris! This is my first trip to Paris and we will be back for more adventures.

Our family, with three kids under the age of 10, has enjoyed a memorable month in this lovely apartment while exploring Paris and soaking up all its offers. This apartment has been our haven of comfort and relaxation in La Ville Lumière. More than that, it has provided us a base in the real Montmartre where, daily, we have bought bread and found all the local amenities. We really quite settled in. The view of Sacre Coeur was the cherry on the top.

We found the apartment very comfortable and spacious. The metro and buses were close and easy to catch. We had a wonderful time exploring some of Paris and look forward to returning to discover some more. Bon chance!

A perfect location, and a wonderful apartment. It very quickly felt like a home from home (in the best sense). We have decided that next time my wife and I will come back without the kids, and do all the other stuff they didn't want to do! Surely the best view from shower window, ever.

Happy Birthday to me, sis and Earl! Also Tash and Tré!!

This is a DIVINE apartment and Paris is beautiful, full of romance, and wonder. The Eiffel Tower at night – A MUST SEE!

A safe haven away from home to “chillax” and enjoy a glass of wine! The bed was also DIVINE – I had a wonderful sleep and felt “safe”, as I would at home.

My young chef son will be joining me on my next visit – I will of course return – he'll try out the chef's course – see the books – there is soooo much to do!

Can't wait to return – what a welcome break, a home from home to holiday in total peace. See you soon!

Our experience with PerfectlyParis was great from start to finish. The apartment was our own home away from home. What a great way to experience Paris.

Everything we needed we had as well as a good information booklet on the apartment, appliance instructions and area suggestions.

I will definitely recommend to our friends. Thanks for everything!

We had a wonderful time at this great apartment. Centrally located in one of the best areas of Paris, very close to the metro, fantastic boulangeries around for early morning croissants, so on and so forth.

Don't forget to wear comfortable shoes for all the amazing sights and make sure you visit the oldest restaurant in Paris "Chartier" Metro: Grands Boulevards. Be sure to visit the Eiffel Tower by night and take the "Batobus" for a great alternative to the hop on/off bus.

Dear Dylan and Chriss,

Thank you so much for letting us stay in your beautiful apartment. It is absolutely grand! And needless to say, I love Paris! We had a great time shopping and going out. Did I mention that I love Paris?

Thank you so much for the apartment. We've had a great time here. Found the book "24 Hours in Paris" very helpful. Even though we didn't follow it exactly it gave us lots of ideas. Of course we've enjoyed the art, architecture, and the food but by far and away the most wonderful thing about Paris is the people! They've put up with our halting French with charm, kindness and generosity. We are not in love with the whole French nation!

To the team at PerfectlyParis,

Thank you for all your pre-arrival assistance and wonderful welcome upon arrival. Our stay in Paris has been eventful and memorable. Travel is not only about sightseeing but also about experiences and we have some memories that will last forever. Highlights include ice skating at the Hotel de Ville in the early evening, with twinkling lights and lots of happy children. Of course, the Eiffel Tower was a standout, as were the Louvre, d'Orsay and l'Orangerie museums!

Our stay has been made even more enjoyable by the fantastic apartment. We have loved the spaciousness and home comforts, and especially the location. We will be recommending PerfectlyParis to all our friends coming to Paris, and home to one day use your services again.
