Parisian Gem is well positioned being in a great location near Metro stations, with excellent facilities including a dishwasher and clothes washer/dryer, secure, modern fixtures and impeccably clean. We found the Perfectly Paris people to be professional and helpful. Even though the apartment was close to central Paris, we didn't have any noise issues from the street or within the actual building. We rented this fantastic apartment for ten days and thoroughly recommend it. Thank you for the preparation, meeting us at the apartment and for making our stay so comfortable.

We really liked the apartment and felt comfortable. It's clean and cosy and there was everything we needed. Nice, quiet and safe area, the apartment is also close to restaurants and supermarkets. Thank you also for a lot of good recommendations, like where to have nice dinner. Very friendly host. We would love to stay again. Thank you very much! Also for the nice bottle of red wine, very friendly :) We also liked the new soap in the bathroom.

Gail is kind and always good to answer. The house is as clean as the photo. The bed and the sofa are also comfortable. The location is close to Montmartre and department stores. Traffic is not bad because there are two roads of Metro 2 and 3. There are big marts and markets around.

Nous sommes parisiens et avons réservé l'appartement de Gail suite à un problème dans notre appartement. Nous avons trouvé refuge dans ce super appartement : déco top, propreté, équipements complets ! Le quartier est très agréable ! Encore merci pour tout Gail !!

We loved our stay at the apartment and the area. It is a newly renovated place, clean and cosy, equipped with all you need for everyday life. Location is great as it is near metro, shops, local markets with fresh good, restaurants that work late. Communication and check in/out were great, Gail is a great host and responsive to messages. We received detailed information and manual about the apartment and how to get around the Paris and the area. Would highly recommend staying at Parisian Gem. Thank you for everything, we had a great time at your place and will certainly be coming back to Paris in the future and reach out for the accommodation. Sorry for late review, we were busy with travelling. All the best, Tijana & Nikola

‘Appartement très bien placé, refait à neuf, à proximité des commerces dans une rue calme.’

Apartment very well placed, newly renovated, close to trade in a quiet street.

The space is stylish and charming. It feels surprisingly spacious for its size. The close proximity to Rue de Levis and Monoprix is such a bonus for souvenirs and to have a meal in. The sofa bed is comfortable and a breeze to use. I will definitely be back.

I travel internationally 2-3 times a year, and am picky on the location and cleanliness of the place. This place is very nice and clean! It has all you need while traveling and it makes you feel at home. Quiet neighborhood, easy access to transportation, groceries, restaurants and other shopping. You can also take a nice 30- min. walk to Champs-Elysees. I will definitely come back with my family and recommend to friends!
